*Allowable Subject Matter*

1. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose nor suggest coating polyethylene with a composition of polyethylene powder, pigment, binder and solvent, followed by heating to bind the composition to the polyethylene. The closest prior art is WO 96 / 23041, but '041 discloses polyolefins in general as a coating for polyethylene, and does not disclose that polyethylene is superior to other olefins in coating polyethylene, as disclosed in the Reeves declaration of 10/17/2003.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 47-53, 55 and 58 – as presented in the Supplemental Amendment After Final of 5/13/2004 - are allowed.

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: the status of Claim 47 has been changed to "(previously presented)".
